

Lab 2

The screenshot shows a web browser window with the MakeMyLabs interface. The workspace is titled "Workspace javadev-ust-ustdevvm231224-396-49784338". The browser tabs include "Kubera", "Monkeytype | A minimal...", "What is github - Google", "New Tab", and "MakeMyLabs". The address bar shows the URL "laas.makemylabs.in/myLabs/83d63119-4d23-4910-a184-cdaff6bb58cd". The main content area displays a GitHub pull request for the repository "ThakurSahilSingh/hello-world". The pull request is titled "Updated README.md file #1" and shows a commit history with a merge of commit 6f58084 into the main branch. The right sidebar shows options to assign, label, project, or milestone the pull request. The Windows taskbar at the bottom shows the search bar and various application icons.

The screenshot shows the same MakeMyLabs workspace, but the browser now displays the GitHub repository page for "ThakurSahilSingh/hello-world". The repository is public and has 1 branch (main) and 0 tags. The commit history shows a merge of pull request #1 from branch b1.readme-edits into the main branch. The repository description states "This repository is for practicing git hub". The right sidebar shows the repository's activity, including 0 stars, 1 watching, and 0 forks. The Windows taskbar at the bottom shows the search bar and various application icons.
